

Private Markets & Alternatives

Delivering a broad spectrum of sophisticated offerings.

At Raymond James, your advisor has a partner who is committed to your success, using its scale and resources to access private markets and alternative investment opportunities to achieve your financial goals.

SUPPORT YOUR INVESTMENT GOALS WITH ALTERNATIVES

Investors seeking independence from the lead economic story of the day may find it challenging to write a compelling counternarrative when they limit themselves to traditional investment offerings. Likewise, those with more nuanced objectives may find traditional strategies too broad to align with their personal goals.

Instead, they may find the differentiation and innovation they seek among the sophisticated offerings known as private markets and alternative investments.

FROM INSIGHTS TO OFFERINGS

- Broad spectrum of high-quality offerings across asset classes, targeting 50+ fund and direct opportunities each year
- Ongoing review and monitoring of your investments
- Thorough sourcing through hundreds of industry relationships – from premier powerhouses to boutique firms
- Enhanced access to sponsor events and education
- Unified support structure with 60+ professionals to help you make fully informed decisions

VARIOUS USE CASES

- **Enhanced returns:** Risk and return profiles may be distinct from traditional stocks.
- **Enhanced yields:** Timing and yield profiles may be distinct from traditional bonds.
- **Risk mitigation:** Asset value may be less correlated to broader public markets to help manage market volatility concerns and diversity portfolio holdings.
- **Tax efficiency:** Strategies may benefit from ownership structure and tax-advantaged assets.

RANGE OF STRATEGIES

- **Private equity:** Investing in privately held companies with the goal of improving operations and profitability before eventually selling them for a return.
- **Private credit:** Lending directly to companies or projects (outside of traditional banks), often in exchange for higher yields and customized terms.
- **Real estate:** Investing in physical properties or real estate-related assets to generate income through rent and potential appreciation.
- **Hedge funds:** Pooled investment funds that use a variety of strategies – including long/short positions, leverage and derivatives – to seek high returns regardless of market conditions.
